PRICE INCREASE EFFECTIVE MAY 1, 2019 February 1, 2019

We kindly request your help distributing this notification throughout your organization and to all personnel. If changes should be made to our contact list, please notify us.

To our Valued Customers:

ITW Pro Brands continues to receive cost increases on raw materials and coinciding tariffs on imports. These rising costs impact the steel, plastic, and comugate used in our product packaging as well as the surfactants used in our formulations. In fact, we do not manufacture a single product that has not been significantly impacted by the cost increases of materials and tariffs.

As a result of these rising costs, we are implementing a price increase across our product lines. ITW Pro Brands will be adjusting our pricing as reflected in the provided price list.

New pricing becomes effective May 1st, 2019.

Also, effective May 1st, we will no longer accept orders via fax. Orders will continue to be accepted through EDI or the customer service email account: customerservice@itwprobrands.com

Orders received after April 30th, 2019 at 4pm EST will be processed with the new pricing applied.

We appreciate your continued support of ITW Pro Brands and look forward to serving your needs in the future. Please contact your Regional Sales Manager or our Customer Service Team with any questions.

Sincerely,

Jennifer Desrosiers
Marketing Director
